From the President

Kathryn Groner, MD, FACEP

Happy Summer, everyone!

This will be a short newsletter, with not much chapter-wide activity happening in the summer. First - welcome to all the new Emergency Medicine Residents in Delaware! We look forward to watching you learn and meeting all of you over the next few years. And second, we hope to see many of you at the ACEP Scientific Assembly this year that will be held in Philadelphia. If you have an interest in participating in ACEP Council as an Alternate, or have anything you'd like to weigh in on, please reach out. The councilors this year are myself and the President-elect, John Powell. If you are going to be in the area, please join us for the DE ACEP reception on the Monday of ACEP (October 9th). We will announce our next Chapter meeting as it is scheduled.

- Kate

ACEP Grassroots Advocacy

ACEP's ED Visit Program

As part of ACEP's federal advocacy efforts, we aim to have as many legislators as possible visit emergency departments in their communities to see first-hand the inner workings of an ED and those patients seeking care in the ED. Members of Congress rely heavily upon input from their constituents when considering issues and making policy decisions. As the front line of our nation's health care delivery system, emergency physicians are well-positioned to educate legislators on a wide range of issues including patient access, public health concerns, rural and inner-city health issues, and quality of care.

ACEP assists in the scheduling and preparation for these visits, including talking points and tips on coordinating the visit with your hospital staff and administration. For more information about hosting an ED visit for your federal legislator, please contact [Jeanne Slade](#) or [Liz Demorest](#) in the ACEP Washington, D.C. Office.
